## MINISTRY OF WORKS, HOUSING AND SUPPLY

New Delhi, the 29th March 1958

S.R.O. 814.—The following draft of certain further amendments to the Indian Boiler Regulations, 1950, which the Central Boilers Board proposes to make in exercise of the power conferred by section 28 of the Indian Boilers Act, 1928 (V of 1928), is published as required by sub-section (1) of section 31 of the said Act, for the information of all persons likely to be affected thereby; and notice is hereby given that the said draft will be taken into consideration on or after the 1st July 1958.

Any objection or suggestion which may be received from any person with respect to the said draft before the date so specified will be considered by the Central Boilers Board. Such objections or suggestions should be addressed to the Secretary, Central Boilers Board, Ministry of Works, Housing and Supply, North Block, New Delhi.

### Draft Amendments

In the said Regulations—

(1) For the existing heading of Regulation 1, the following shall be substituted, namely:—

“Short Title, Extent, Application and Commencement.”

(2) For regulation 1(3), the following shall be substituted, namely:—

“(3) These regulations shall apply to all boilers including those working on the principles of natural circulation, forced circulation and forced flow with no fixed steam and water line.”

(3) After regulation 1(3) so amended, the following shall be inserted as sub-regulation 1(4) namely:—

“(4) They shall come into force at once.”

(4) In Regulation 281 the following paragraph shall be added at the end, namely:—

“In the case of boilers with no fixed steam and water line, the fitting of such accessories that are manifestly not needed or used, such as

water gauges, water columns and gauge cocks, may not be insisted upon. In such cases, a duplicate means of maintaining circulation shall be provided."

(5) In regulation 376 after clause (f), the following clause shall be inserted, namely:—

"(g) In the case of forced flow and forced circulation types of boilers, provision shall be made for checking that proper circulation is maintained through all sections of the circuit by the flow of water."
